WELCOME

Hey there! Firstly, let me take this opportunity to say

'Congrats on your engagement!'

I'm so happy for you both and look forward to being by your side on this journey.

Growing up, I have always loved weddings! I love to see the look on the couples faces when they walk down the aisle and see the person they are about to marry for the first time. I love the overall sense of joy and happiness from everyone united to celebrate the love of two people. I love the delicious food, the beautiful venues and of course... the moves that are busted out on the dance floor!

So the thought of being able to capture your day and witness the love between two people is a real honour to me and I feel so incredibly lucky to call this my job!

At this stage, you are likely feeling a little overwhelmed as you start to plan your special day and make your way through all of the wedding information out there. With a huge selection of venues and flowers to browse, guest lists to collate and food to taste, there is so much to choose from... But hopefully I can make your photographer choice easy!

The information in my Wedding Planning & Pricing Guide has been curated to help you through all of your photography-related questions, so you can sit back with a cuppa and get excited!

If you still have questions, please don't hesitate to give me a ring or send over an email! I am here for you every step of the way and can't wait to hear from you.

MEET CHLOE

Hey! I'm Chloe, your easy-going, friendly face behind the camera, ready to capture the love and happiness ... And always up for an adventure!

I am a Dorset-based Wedding Photographer, with a very natural and colourful style, keeping my work true to your beautiful day. Every wedding is unique, so it is important to me that the details you have spent time debating over and choosing together, are captured in the way you have envisioned.

As your wedding photographer, I document the fun, laughter and emotion of the day, in a non-intrusive, relaxed way, whilst allowing you and your guests to enjoy your celebration the way you want to.

In my spare time, I enjoy travelling to new countries, exploring the beautiful places around us, spending time with friends and family and watching great movies... especially a cheesy rom-com or musical!

I have always loved weddings and it's important to me to get to know my lovely couples before they tie the knot, so all of my packages include time for us to either chat in person or meet virtually before the big day ... so if you know a cosy place that serves a good cup of coffee, then let's set a date!

Capturing the small details...

.... Every wedding is unique, so it is important to me that the details you have spent time debating over and choosing together, are captured in the way you have envisioned ...

"We were lucky enough to have Chloe take our wedding pictures and we couldn't be happier with how they turned out!

Chloe was so professional throughout and couldn't do enough for us.

So many of our friends and family have commented on how lovely the photos are. I cannot recommend Chloe enough to anyone who needs a photographer.

We can't wait for her to take our family photographs and we will definitely be using her for all our future occasions!"

Engagement Shoot

The Pre-Wedding Engagement shoot is a great add-on to your wedding package, capturing you both in the lead up to one of the most exciting days of your lives!

You may also decide to use the photos for your wedding announcement, or 'Save the Date' invites too, so it's the perfect opportunity to get to know me and get some lush photos of the two of you!

I know that being in front of the camera can often be daunting for most, so my aim for these sessions is to break down the barriers, allow you to get used to being photographed before your wedding day, make you feel relaxed and have fun and then take some snaps along the way!

Essentially, the more at ease you feel, the more your love and personality will shine through!

Engagement sessions are usually captured on location at a place that's special to the both of you. Maybe it's where you popped the question, the wedding venue or perhaps a spot that is a favourite place to visit, but if you're close to me in Dorset then you will agree we have some spectacular places around us to really take advantage of.

The pre-wedding shoots are included in my Deluxe Package, but can be added to the Petite or Classic packages too, so please let me know if this is something you would like to include!

MAKE IT YOUR OWN

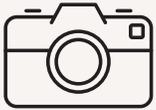

ADD EXTRA HOURS

If you like the look of one of my packages, but think you might need a little extra time covered on your day, then why not add an additional hour or two?!

With a little extra time, I could start earlier to cover the morning preparations, or perhaps stay later to cover some of the reception fun!

Additional hours can be added at £125 per hour, and must be consecutive to the original package purchased.

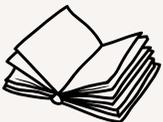

ADD A SECOND SHOOTER

Adding a second shooter is a great option for those of you with a large guest list, or wanting all angles covered. PLUS, having a second shooter with me for the day means more photos for you!

A second shooter can focus primarily on your guests and wedding details, whilst I can focus on the two of you. You can also rest assured that all of the photos will be chosen and edited by me in my signature style, before being presented in your online gallery.

ADD PRINTS OR WEDDING ALBUMS

Every couple is unique and every couple will want to display their wedding photos differently. Which is why I have decided to provide albums and wall art as an optional addition, rather than assume my clients will all want the same product!

I have spent a lot of time researching printing companies for albums, photo books, wall art and prints, finding great quality products at a reasonable price. So please let me know if this is something that interests you and I can send you a price list.

GETTING MARRIED ABROAD?!

How exciting! Let's have a chat about your plans and I will be happy to arrange a bespoke quote just for you!

"Chloe photographed our small wedding. She was extremely professional and when the photographs arrived we couldn't have been happier.

They relived our day for us in an exceptional way - what a happy way to have captured some intimate and truly special moments to be treasured for ever. In the best way - she captured every moment - almost without us realising!"

YOUR QUESTIONS ANSWERED

Q: Why should we pick you as our photographer?

A: If you're looking for someone who is easy-going, hard working and will slot in like a guest, then you've found your girl! I have a selection of lenses that allow me to keep out of the way and blend in, allowing me to capture the true essence of your day in a beautiful way.

Q: Why do we have a pre-wedding consultation?

A: It's YOUR day, but we will be spending a lot of time together, so with a pre-wedding consultation I get the chance to get to know you a little better and you can get to know me! If you're local to Poole we can meet over a coffee and discuss what's most important to you during your big day... or if you're a little further away, let's chat face to face over zoom instead! This time will also give me the opportunity to work out the timings for the day to help ensure I don't miss out on any special moments you want captured!

Q: What equipment do you use?

A: When shooting your wedding I will bring two cameras with me; my main camera is a Sony A7Riii, which will generally have either my 35mm prime lens or my 24-105mm lens attached for the best variety of shots throughout your day. The second is a Sony A7ii, which will have either one of my prime lenses, or my 70-200mm lens for when it's time to get in close without blocking anyone's view!

Q: When will I receive my gallery?

I don't like to be restricted to an exact number of images, as this can vary depending on the day, location and what package you book. I aim for quality over quantity and avoid taking the same sort of images over and over. I also know that as soon as the day is over, you will want to re-live it all again through your photos, so I don't think you should have to wait a lifetime to receive your gallery! Therefore, I aim to get your gallery completed within 2 weeks of your wedding day, but this time frame may vary depending on the busier seasons.

Q: Do you photograph destination weddings?

A: Yes! I am more than happy to create a custom wedding quotation to suit your plans.

Q: How do we reserve our wedding date?

A: A 25% deposit & signed contract is required in order to get your wedding on the calendar. The remainder of your balance is due 1 month prior to your wedding.
