WEDDING PHOTOGRAPHY GUIDE

Hello there!

I'm SO glad you're here!

First things first, let me take this perfect opportunity to say '**Welcome!**' and '**Congrats on your engagement!**' - what a wonderful time in your lives you're experiencing right now... love is well and truly in the air whilst you plan your future together and adjust to using the word 'fiancé'!

It's time to visualise and create your dream wedding day, make 'wedding to-do' lists, write guest lists, collate your favourite suppliers and work out your wedding budgets! You're likely feeling a little confused or overwhelmed by it all, not sure where to start or what to choose... but hopefully I can make your photography choice easy!

Chloe x

Chloe Palmer Photography

My Photography Journey

Growing up, I have always loved weddings!

I love to see the look on my couples faces when they first see the person they are about to marry. I love the overall sense of joy and happiness from everyone united to celebrate the love and union of two people. I love the gorgeous dresses, the beautiful venues and of course... the epic dance moves that are busted out on the dance floor!

Every wedding is unique (making my job even more interesting!) and it's always great to see the personal touches shine through in all the tiny details of their special day.

The thought of being able to witness and capture the love between the two of you is a real honour to me and I feel incredibly grateful for **every** wedding I am given the opportunity to document.

In the last 4 years alone, I have documented over 100 beautiful weddings, with **2026 dates now 90% booked** and dates already being filled for 2027 too!

It's been such an exciting journey and I feel extremely proud to be able to call this my job!

Relaxed & Natural

We could not have asked for a better photographer than Chloe! From the start of the day, she was so relaxed, thoughtful, accommodating, but still got everything on our list done. We're both not usually comfortable having photos taken (especially with PDA), but Chloe was perfect for us in keeping all the photos so fun, understanding what we liked exactly. And the previews of what I'm fairly sure is a full wedding album within a day of getting married was completely unexpected!

Miriam & Simon

My Style

Ultimately, I promise to treat your wedding day the way I would want someone to treat mine; with **100% commitment** and dedication to capturing the photos you will look back on in years to come.

I would describe my approach to wedding photography as a balance between prompted interactions and candid moments, allowing me to set up the photos you won't want to miss, as well as capturing the true essence of your day as it unfolds.

I'm gentle by nature, with the ability to switch between a 'fly-on-the-wall' method for the natural moments, and taking control to guide you and your guests when it's needed. I promise to be that friendly face that gives you a reassuring smile as you get to the end of the aisle, to check your hair, adjust your outfits and be on hand for anything that needs fixing throughout the day!

I also understand that being in front of the camera can often be daunting for most, so my aim is to make sure you have fun and feel relaxed, whilst I take some snaps along the way! Essentially, the more at ease you feel, the more your personality will shine through... making your photos as beautiful and unique as you are!

Capturing Emotion

What to Expect

I got married to my Husband, Henry, in June 2023 so as a recent Bride myself, I completely understand how overwhelming it can be trying to choose anything and everything for the big day! The good news is, you're not alone and I now have first hand experience of what to expect when it's your turn to walk down the aisle!

During the lead up to your special day, I will be on hand to answer any questions you might have, give advice about your timeline or decor and provide photography tips that will allow you to get the most out of your wedding photos.

A £350.00 non-refundable booking fee payment is required to secure your date in my diary, with the balance required 1-month before you say 'I do'

2-3 weeks before the big day we will chat to make sure I have everything I need to create your photography schedule, including the timings of the day, your list of formal group shots and any important notes for me to keep with me on the day.

The details

Pre- Wedding

Psst!

These fun little pre-wedding sessions are already included in my full day packages, allowing me to connect and get to know my lovely couples before the big day!

These sessions are a great opportunity for me to connect with you both and capture the love between you in the lead up to one of the most exciting days of your lives!

Choose a beautiful location in Dorset ... maybe it's where you got engaged, your wedding venue or perhaps your favourite place to visit?

Why not make it a date night!? Or maybe use the photos for your 'Save the Date's', wedding invites or create a personalised wedding guest book?!

Don't worry ... I understand that being in front of the camera can often be daunting and might not come naturally to everyone ... so my aim for this session is to:

- Help you relax & feel comfortable before the big day
- Use prompts and direction to help guide you
- Experiment with different poses
- Test out your venues photo hot-spots (location dependant!)
- Chat about your wedding day plans
- Have fun & get to know you both better!

- An easy to use, online shop within your gallery, to allow you and your guests to order beautiful prints without the hassle!

We couldn't recommend Chloe enough as a photographer! The wedding day was hands down the best day of our lives and Chloe helped make that so, she was the perfect photographer, capturing all the shots whilst blending in and we've had so many comments about how professional, easy going and inconspicuous Chloe was. The preview was sent so quickly and really meant that the sparkle of day continued.

We also wanted to say how WONDERFUL the photos are, Chloe is so talented and a pleasure to communicate with. We'll definitely be knocking on her door next time we need some photos taken!

Lydia & Sam

Destination Weddings

So you're planning on getting married abroad?! - how exciting!

I live in Dorset, based in the south of England, but LOVE to travel! Having visited almost 30 different countries in my lifetime so far, I feel excited in the knowledge that my work could also open up more opportunities abroad for me in the future.

So far I have photographed two beautiful weddings in France, handled heat of up to 30 degrees whilst carrying two cameras and still hit up the dance floor at the end of the night! I am fully insured and self-sufficient, making it one less thing for you to worry about!

My destination packages are bespoke and quoted on request, including travel and accommodation expenses and options to include a second shooter or videographer too, so let's have a chat about your plans and I will be happy to arrange a tailored package to suit your plans!

DESTINATION PACKAGE

FROM £2500

Full day cover (10 hours)

online gallery

travel & accommodation included

optional extras available

Optional Extras

ADDITIONAL HOURS

If you like the look of one of my packages, but think you might need a little extra time covered on your day, then why not add an additional hour or two?!

Additional hours can be added at £150 per hour, and must be consecutive to the original package purchased.

PRINTS & WEDDING ALBUMS

Every couple is unique and every couple will want to display their wedding photos differently. Which is why I have decided to provide albums and wall art as an optional extra, rather than assume my clients will all want the same product!

I have spent a lot of time researching printing companies for albums, photo books, wall art and prints, finding great quality products at a reasonable price, so please let me know if this is something that interests you and I can send you a price list.

PRE-WEDDING MEAL / PARTY

If your celebrations extend to more than just your wedding day, why not ask me to capture it all! Whether you're planning an engagement party, a gathering the night before your big day, or a pool party to keep the celebrations rolling the day after, get in touch for a bespoke quote and I'll happily be come and capture the fun for you!

We could not have picked a better photographer to have been there with us on our special day. She was so easy to work with, so easy to talk too and made us feel such at ease. There was no pressure to capture too many serious shots, she let us be ourselves and both the posed and candid shots all turned out so incredibly and we couldn't be happier. She worked so seamlessly throughout the whole day that for a large portion of the day we barely noticed she was there which meant there were so many candid shots which is exactly what we wanted. We honestly couldn't fault her and will most defiantly be using Chloe in the future if we have a need for a photographer.

Jaz & Max

YOUR QUESTIONS ANSWERED

Q: Why should we pick you as our photographer?

A: If you're looking for someone who is easy-going, hard working and will slot in like a guest, then you've found your girl! I have a natural and relaxed style with a selection of prime and zoom lenses that allow me to keep out of the way and blend in when needed, so I can capture the true essence of your day in a beautiful way.

Q: Why do we have a pre-wedding consultation?

A: We will be spending a lot of time together during your special day, so it's important to me that you have the opportunity to get to know me a little better before hand, whilst I find out what's most important to you for your wedding photography. Plus, we can chat about all of your exciting plans for the big day, which is always a conversation I love to have!

If you're local to Poole we can meet up for a coffee... or if you're a little further away, lets chat face to face over zoom instead!

Q: What equipment do you use?

A: When shooting your wedding I will bring two cameras with me; I have two Sony mirrorless cameras which will generally have my 50mm, 35mm, or my 85mm prime lens's attached for the best variety of shots throughout your day. I also bring a selection of zoom lenses for when it's time to get in close without blocking anyones view and a flash for when the light needs a little boost!

Q: When will I receive my gallery?

I understand that as soon as the day is over, you will want to re-live it all again through your photos, so I don't think you should have to wait a lifetime to receive your gallery!

Therefore, I aim to give you a preview selection within 48 hours of your wedding day, and work to get your full gallery completed within 8 weeks; but this time frame may vary depending on the busier seasons.

Q: Do you photograph destination weddings?

A: Yes! I am more than happy to create a custom wedding package to suit your plans, so get in touch and I would be happy to chat!

Q: How do we book our wedding date with you?

A: A 25% non-refundable booking fee & signed contract is required in order to secure your date in my diary. The remainder of your balance is due 1 month prior to your wedding day.

Let's Get Started!

Your love story is a one of a kind and your wedding day is going to be as unique as you are ... so I can't wait to hear all about it!

Whether you prefer to meet in person over a cup of coffee or fancy arranging a casual chat one evening after work via zoom, get in touch today and let's set a date in the diary!

I can't wait to join you on your journey into married life and look forward to chatting with you both soon!
